Full Stack Developer • UI/UX designer

Tucker, GA • 404-432-6815 • anselmmariebusiness@gmail.com • anselmmarie.github.io

SUMMARY

Results-driven professional in full stack developer with a strong foundation in UI/UX. Highly skilled in leadership and continuously learning new technologies. Skilled in orchestrating teams and projects, adept at crafting strategic roadmaps to propel success.

EXPERIENCE

Senior Software Engineer Lead

Mar 2020 - Oct 2023

Cricket Wireless - Atlanta, GA

- My team mitigated production issues by implementing the code standards and processes that I established.
- Led a cross-functional team of developers and designers to effectively implement new functionality and conduct maintenance tasks.
- Mentored junior and intern developers for a smooth transition to productive team members.
- Conducted interviews with designers and developers as part of the team selection process.
- Overseeing the agile/kanban workload, monitoring JIRA tickets, and addressing the tech debt roadmap.

Sr. Associate - Projects

Jan 2020 - Feb 2020

Macy's - Atlanta, GA

Senior Application Developer

Aug 2019 - Jan 2020

ADP - Alpharetta, GA

- Developed and maintained features for both desktop and mobile applications at ADP.

Senior Developer Manager

Dec 2017 - Jan 2019

Cricket Wireless - Atlanta, GA

- Established and nurtured robust connections with stakeholders.
- Developed greenfield applications, with one earning me an "AT&T Service Excellence Award."

Senior Application Developer

Dec 2013 - Dec 2017

Cricket Wireless - Atlanta, GA

- Overseeing continuous maintenance and evolution of the Cricket Wireless website.
- Developed numerous internal applications catering to various departments within the organization.

Interactive Developer

Jun 2011 - Nov 2013

Corporate Reports, Inc. - Buckhead, GA

Lead Web Designer/Developer

Jul 2009 - Jun 2011
