Bachelor Of Fine Arts
June 2005

Lehigh Valley College - Center Valley, PA
Associate In Specialized Technology Degree In Visual Communications
December 2003

EXPERIENCE

Cricket Wireless - Atlanta, GA
Senior Developer Manager - December 2013 to January 2019

I was responsible for these tasks:
- Leading a small team to create an internal prototype application from start to finish.
- I lead the same team to build out a web application, Breeze-Thru, to allow new customers to activate their service on any phone.
- Under an Agile Kanban Methodology, I created stories and tasks so developers and testers can understand how they have to get their work done.
- Made designs for the internal application as well as the Breeze-Thru application.
- Maintaining and adding new content on the Cricket Wireless website.

What I accomplished at the job:
- The top executives at Cricket enjoyed the internal application so much a new team was created to build the application for production.
- The Breeze-Thru application was regarded as a big success.
- Received many awards including "The AT&T Service Excellence Award".

Corporate Reports, Inc. - Buckhead, GA
Interactive Developer/Designer - July 2011 to November 2013

I was responsible for these tasks:
- Building and maintaining online annual reports.
- Working on mobile apps.
- For a certain amount of time, I was a temporary lead.

I accomplished:
- We launched annual reports for Clorox, General Motors, Caterpillar, etc. Daily updates on websites and domain/web hosting management.
- Developed PhoneGap apps for Caterpillar and Walmart.
