- Led a team of 4 developers in creating a B2B administrative app for streamlining Cricket store operations, over 3 years
- Guided frontend and UI design of a POS prototype over a year, that earned approval for the establishment of a new department in Cricket Wireless

STRENGTHS

✔ Agile Methodology

Manage agile/kanban workload, monitor JIRA tickets and address tech debt roadmap over 3 years

✔ Scalability

Revamped technology framework by integrating React, Redux, TypeScript, and more, improving performance and scalability by 40% over a 3-year period

✔ Application Streamlining

Mitigated production issues by implementing code standards and processes, resulting in a 35% decrease in bug reports

AWARDS

AT&T Service Excellence Award

Received the AT&T Service Excellence Award for leading frontend and UI design, guiding the Breeze-Thru project from inception to completion within a 1-year deadline

SKILLS

React	React Native	Expo	Next.js
Node.js	PostgreSQL	Design System	
CI/CD	UI/UX	Agile/Kanban	

EDUCATION

Bachelor of Fine Arts in Graphic Design

American InterContinental University
01/2005

PERSONAL PROJECT

Pokéshop

2024 - Present   Location
https://github.com/AnselmMarie/pokemon-pet-shop
A project that maximizes code sharing across web, native, and API applications, without compromising the capabilities of any platform.
